# **Succulent Fertilizer**

·14-14-14 Slow Release Granular

 ${\boldsymbol{\cdot}}$  Sprinkle on top. Do not amend with soil

- Uniform formula for most plants.
   Polymer coated for maximum weather resistance
  - Manufactured in the LISA

## For succulents, houseplants and bonsai

Ideal for environments in which most capsule based fertilizers breakdown

Instructions: Sprinkle on top. Apply at the rate of one tablespoon per 10-inch pot every 100 days. One pinch per 2 inch succulent pot.

### Keep out of the reach of children

This product will stain concrete.

Protective masks are required during application. Avoid ingesting and eye contact.
Call poison control at 1-800-222-1222 immediately if ingested or eye contact occurs.

NOTICE: This product contains molybdenum at ≥ 0.001%. The application of fertilizing materials containing molybdenum may result in forage crops containing levels of molybdenum which are toxic to ruminant animals.

Shelf life is guaranteed one year from date of purchase. Actual shelf life may exceed 3 years or more if stored dry in the dark. Information regarding the contents and levels of metals in this product is available at Rogsai Jack com/MASDS.
